

Accessing HealthHIV Learning Management System

HealthHIV has implemented a new learning management system to expand the training offerings and content available to learners. The new learning management system will be linked from healthhiv.org and contain program specific courses and content developed for and with our partner organizations. The steps to log in and create an account are below.

Create an Account in HealthHIV Learning Management System

When logging into the HealthHIV Learning Management System for the first time, learners must create an account. This account streamlines the certification process for completing CME courses.

1. In your preferred internet browser, navigate to opioidhealth.org.
 - a. To access the Opioid Learning Institute from healthhiv.org hover over **PROGRAMS** to open the menu.
 - b. Click **Opioid Learning Institute**.

- c. Click **Learn More**.
2. Click **Provider E-Learning** on the opioidhealth.org homepage.

3. Scroll down to locate the course you would like to take.
4. Click **Open this module**.
